

## **MRI Information**

1. If your MRI is done at the MidJersey Orthopaedics you will receive a call from the Doctor **WITHIN 3-7 DAYS**.
2. If your MRI study is done at any other facility OR you are a patient of Dr. Collalto, Salam, St. John, Viradia or Pandya, a follow up appointment will be made at the time that the MRI was ordered. Please obtain copies of the study to bring and review with your Doctor.
3. Please wear casual attire for your study such as sweat pants or exercise clothing and sports bras for our female patients. **BE SURE** there are no metal snaps, grommets or zippers on your clothing. If you are having a brain MRI, please refrain from wearing any makeup as it will interfere with the study.
4. We will obtain precertification for the study. Upon approval, we will call you with the case number assigned by your insurance carrier.
5. We will also call you if your precert is delayed for medical review or denied, thus requiring cancellation or rescheduling of your study.

Thank you for your cooperation.

Sincerely,  
MidJersey Orthopaedics
